Dear Miss Comfort,

I wish to personally pass on my thanks to you for Flight Lieutenant Daniel Mendoza-Jones supporting our 2009 unit induction training. It is essential for the Battalion to start the year with all personnel fully aware of the support mechanisms available to them. The brief Flight Lieutenant Daniel Mendoza-Jones delivered concisely outlined important information to soldiers regarding their personal finances and the services that you can provide us.

As you may be aware the 8th/9th Battalion has been warned out for operations next year. Prior to deployment, the Battalion Executive Officer, Major Warren Farmer, will contact you to request support to our pre deployment and post deployment briefs. The content of your brief presented during induction training will enable deploying soldiers to be fully informed on your role and the services your organisation provides and will be a great benefit to all Battalion members.

Once again, on behalf of the 8th/9th Battalion, please accept my sincere thanks for your assistance in conducting induction training and I look forward to continuing our affiliation.

Yours Sincerely,

S.A. STUART
Lieutenant Colonel
Commanding Officer
