Rob,

I am writing to express my appreciation for your presentation at the 2009 Military Administrators Conference, held at the Australian Institute of Sport.

Your presentation gave a comprehensive outline of the services provided by the ADFSCC and how admin staff can help alleviate/foresee many of the financial predicaments that our members find themselves in. I have received considerable feedback from the attendees and the general consensus was that all delegates found this information extremely enlightening and valuable to their current/future positions.

Once again, thank you for a presentation that directly supported our 'Back to Basics' theme and for your contribution to the professional development of the Military Administrators and the overall success of the Conference.

Yours sincerely

A handwritten signature in black ink, appearing to read "W.C. Knight".
