Hi Malcolm,

I just wanted to say thank you for the opportunity to attend the Transition Seminar and let you know just how valuable it was. I always research and check my facts before I make decisions and I thought I was pretty savvy when it came to my finances and resume etc, however, I learnt so much and gained some extremely beneficial information.

Nicky Curtain and Bill were especially informative and captivating as was Marty Switzer in providing some excellent facts and figures. In short, the seminar was brilliant!

thanks again
Amanda
