Dear Robert,

Thank you for your presentation on Financial Planning at the Senior Leadership Group Transition Seminar on Friday 7 May 2010. Your presentation was full of information and seemed to 'hit the mark' as far as the right material for the right audience. You certainly gave the SLG members much to think about.

Your gift of 'The Ascent of Money' book supplied to each attending member was gleefully accepted with thanks, as is the number of videos from the ADF Financial Services Consumer Council that you gave Sonja Davidson. We will keep these on hand in our DSOM library and no doubt they will prove to be very useful to lend to members of the SLG as they consider their transition, or indeed their financial health as a whole.

We look forward to working with you in the future, in fact our next SLG Transition Seminar is scheduled for 22 September 2010 and we hope you will be available to present again.

Yours sincerely
