Dear Sir and Dan,

I am writing to thank you for your presentation to the 2011 Pre-Command Course. The feedback from the participants indicates that the course has been successful in preparing them for the challenges of command.

Your address on ADF Financial Services provided valuable information for our future commanders to consider so as to be prepared to assume command.

Thank you once again for presenting to the Pre-Command Course during what was no doubt a very busy end-of-year period, and for your efforts in assisting to prepare Army's future commanders.

Many thanks

D.J. Campbell
Lieutenant Colonel
